INFERENCIA 2K26

ISO-METRICS

Life is all about experiencing. Going out of the default route, watching, observing; looking at the world through a unique lens. And what better way of estimating the beauty of the little things in life, than capturing them to your heart's content? So come on, the stage is all set! Register in ISO-Metrics and showcase your passion for photography.

Theme : Contrast

It is well known that there is much variability in life. Let it be birth and death, aged and young, wherever you look, if you look well enough, the contrast is evident.
That is, the theme of this competition. The participant is expected to submit a photo which shows clear contrast between subjects, retaining the essence of the theme and getting creative with it is of highest importance. Also a short one line caption is to be submitted along with it, as it is expected that the photo should speak for itself.

INFERENCIA 2K26

RULES & REGULATIONS

- Both mobile and camera-clicked photographs are allowed.
- Photographs must be original works.
- Each participant can submit only one photograph.
- A short one line caption is to be submitted along with the photograph.
