INFERENCIA 2K26

ORATORIA

WHERE EVIDENCE SPEAKS, UNVEILING THE UNSEEN

Have you ever got deep into learning a statistical concept, and researching on it, and then think the research is decent and it could be nice to present it somewhere? Well, say less! Participate in the Paper Presentation to test that hypothesis and estimate your prowess of research .

INFERENCIA 2K26

RULES & REGULATIONS

- Each team should consist of 1-3 members.
- Teams may present projects on topics solely related to statistics.
- Every team will be provided with 6+3 minutes, where the first 6 minutes will be there for their presentation and the last 3 minutes are allotted for cross questions by the Judges' panel or the audience.
- The projects must be in PPT format.
- The detailed Projects should be submitted by each team to us in PPT format 48 hours prior to the event. The link for submission will be provided by us within the stipulated time.
- Any kind of plagiarism, if found will lead to disqualification of the team.
